Acknowledgement and Investigation

Your complaint will be acknowledged in writing and/or telephone. Ordinarily, this will occur within two business days of receipt.

We will generally need some time to investigate the complaint. The amount of time needed will depend on the number and availability of people involved, and the complexity, seriousness and/or urgency of the complaint. However, we would endeavour to conclude the investigation within two weeks. If it is going on longer than this, we will advise you of that fact. We may need to communicate with you during the investigation process to clarify aspects of the complaint.

Response and Communication

We will provide you with a response to the complaint as soon as possible after completing an appropriate investigation.

Whilst we will generally respond to you in writing, sometimes verbal response is more practical and/or appropriate.

Resolution

If you are satisfied with our response, we will confirm and carry out the understanding reached as applicable.

Privacy

Complaints will be managed in accordance with the Privacy Act 1988 (Cth).
